### Donner Plaque To Be Dedicated On June 18 By Group

GRASS VALLEY—Directors of William Morris Stewart Chapter No. 8591, E Clampus Vitus, set Saturday, June 18, as the date for the Truckee "doings" and dedication of a historic plaque at the Donner family camp near Prosser and Alder creeks, west of Highway 89.

Members of the Nevada County Historical Society have been invited to participate in the plaque dedication commemorating the site where a portion of the fateful Donner families spent the winter.

Actual placing of the plaque has been left up to the historical committee which has looked over at least three places designated as authentic.

Festersen announced that the office in the Masonic building in Truckee will be retained and staffed with local people. He also said that he or his partner, Robert N. Seawell, son of the late well known Senator Jerrold Seawell, will spend two or three days in the Truckee-Lake Tahoe area each week.

Not only will the firm continue the insurance business which has been operated by Smith, but will add a real estate department.

"It is our definite plan to keep the business built up by Smith on an entirely local basis," Festersen declared. "Any rumor that we plan to operate the Truckee business from our Roseville office, is not true. We will hire local people or bring in people who will make this their home."

H. E. Branagh, supervisor of the Tahoe National Forest, announced that fire closure laws will become effective June 1.

This means that camp fires cannot be built on the forest area without permits. Permits are required for all warming and cooking fires including those inside trailers and can be secured from forest officers, state foresters and other authorized agents.

Smoking is permitted only in improved campgrounds, inside vehicles on roads and at places of habitation. It is unlawful to smoke while traveling on foot, cycle or domestic animal in grain, grass, stubble, brush, timber or other inflammable vegetative cover or areas posted against smoking.

The law prohibits the discharge of fireworks on national forest land.

Branagh said that the below normal precipitation the past winter has resulted in another dangerous fire season and he urges all to be more careful than ever to prevent a disastrous blaze.

DETOUR SPEED LIMIT  
AT ALTA ESTABLISHED

A speed limit of 35 miles per  
hour has been established on the  
Monte Vista-Alta detour on U. S.  
Highway 40, beginning near the  
Monte Vista Inn about 10 miles  
northeast of Colfax, according to  
state highway officials at the  
Marysville district office.

The recently opened three-mile  
detour extends through Dutch Flat  
and Alta, and rejoins the highway  
south of Baxter.

The rerouting will remain in ef-

fect indefinitely during construc-  
tion of the \$5,000,000 five-mile  
freeway from 0.8-mile west of  
Monte Vista to 0.7-mile east of  
Baxter, with completion antici-  
pated next year, probably during  
the summer.

Detouring of traffic permits unin-  
terrupted work without hazard to  
motorists as well as providing a  
two-lane highway in order to avoid  
traffic delays on the transconti-  
nental route.

California leads all other states  
in the slaughter of cattle and  
lamb.

SEASON TICKETS FOR  
PARKS IS PROPOSED

Senator Ron Cameron, Auburn,  
announced that he has conferred  
with DeWitt Nelson, director of the  
division of natural resources of the  
State of California, concerning  
entrance fees, parking and facility  
charges at state parks.

Senator Cameron requested that  
a study be made as to the feasi-  
bility and desirability of establish-  
ing season ticket rates, particularly  
at those parks that are adjacent to  
large metropolitan areas, such as  
Folsom. At such state parks there  
is a large daily use by people who  
live nearby and Cameron said that  
it is felt that a season rate may cut  
down the administration expenses  
on the part of the state and allow  
more adequate recreational facili-  
ties to nearby residents at lower  
cost.

PARKS IS ANNOUNCED

The state division of beaches  
and parks this week announced the  
camping limits which will prevail  
during the 1960 summer season,  
June 1 through September 30, in  
the state parks of California.

They include a ten-day contin-  
uous stay at Donner Memorial, Em-  
erald Bay, D. L. Bliss and Tahoe  
State Parks in this area. Most of  
the state parks have a 15-day con-  
tinuous stay provision with a few  
set at seven days, with many per-  
mitting a 30-day stay.

Camping fees in all state parks  
are \$1 per night and \$1.50 for those  
parks where trailer facilities are  
provided.

SACRAMENTO — (CNS) — The  
state Department of Alcoholic  
Beverage Control reported it has  
distributed \$5,992,835 to cities and  
counties as their proportionate  
share of license fees and fines (of-  
fers in compromise) collected from  
September 1, 1959, to February 29,  
1960.

Nevada County received \$23,015  
for its total, of which \$12,825 went  
to unincorporated areas.

The distribution represented 90  
per cent of the total collected, as  
10 per cent is withheld by the state  
as revenue for the general fund  
and operations of the department.

The 90 per cent remainder is dis-  
tributed twice a year to the cities  
and counties on the basis of the  
amount collected in each area.

The wayward winds of last week toppled a tree near Camp Richardson and closed Emerald Bay road for several hours.

May 17 is the deadline set by the South Tahoe Boat Club for entry in a pleasure boat race to be run Sunday, May 22, from Tahoe City to the south end, according to Vernon Cox, club president. The race will be postponed one week in the event of rough weather. A boat parade will be held Saturday, May 21, from Tahoe Valley to state line, followed by an inspection of boats. The day of the race will see a water parade from Glin's Pier at Al Tahoe to Lake Side Marina at state line, starting at 9:30 a. m. An open race will follow from Connolly's pier to Tahoe City. The main race will begin at 2 p. m. Prospective entrants should contact Cox or Don Jorgensen, who is in charge of the race. Club membership is \$2 and the

entry fee \$2.50.

The Tahoe Soroptimist Club of Lake Tahoe will meet jointly with the North Tahoe Rotary Club on the evening of May 23 at the Crystal Bay Club.

They say of the cafes on the Champs Elysees in Paris that if you sit long enough everyone will eventually pass by. That seems to apply to Marge and Bill Zeibig's Chicken House — eventually most everyone stops at the lake. Seen there last Friday were the John Hubers of Marysville, the Bill Wilts, Mrs. Ray Grahn, Frank Daft, just back from taking exams for a broker's license in San Francisco; the Norman Burys and party, Loren Homewood, back from Laguna Beach; the Ken Johnsons, John Clayton, new resident here and salesman for Comstock Acres property.

On the sick list recently hospitalized at Tahoe Forest were "Frenchy" Carter, Bob Scates. "Frenchy" is back at the Inn and improving.

Beautiful sprays of dogwood and lilac were brought back from a Sunday outing by Mrs. Anne Anderson who picked them at Doug

Smith's old home in Alta. Doug is a nephew of the Mayfields. Doug is living with them now but will move to Lake Forest where he plans to build a home. Mrs. Anderson and daughter Kathy Starratt have left for Jackson Hole, Wyoming where Kathy will open Elbo Ranch which she has managed for several years.

The "Mikado" was a three-time sell-out and delightfully presented by the Tahoe Lake School.

Mr. and Mrs. Burton C. Washburn are back at their Dollar Hill home for the season.

Jack and Betty Starratt have returned from the winter sports show and a buying trip in San Francisco. Many Tahoe merchants attended the show, among them Sally Cross of Porter's and the Wayne Poulsons.

The Tahoe Squaws ask that you help them help the hospital benefit with your rummage donations for their sale on July 8 and 9. Just call JU 3-3250 or JU 3-3120 if you have anything to donate.

ing WW II. Then Colonel Eisenhower, who activated and headed up the Psychological Warfare Branch of the U. S. Army in North Africa.

Recently Mr. and Mrs. "Andy" Anderson (he's the chef at Tahoe Inn) celebrated open house enjoyed with their friends and fellow-employees at their Tahoe Park home.

Mr. and Mrs. James Malone of San Pablo are back at Tahoma for the summer.

The Louis Celas came up for a few days to look over their Tahoma cottages and will return soon for the season.

to mind the old days when Tahoma almost became a summer resort for the movie colony. He's handling business to close the estate of the late Lon Chaney who once owned several lots in the tract.

We enjoyed perusing the "Bear Cat Blab," a publication of the Tahoe Lake School with Penn. Clarke, Cathy Connors and Susan Stephani as editors. Complete with ads, crossword puzzle, jokes and cartoons, the staff deserves a salute. A winning junior story by Janet Strongren intrigued us. Titled "My Trip to the Moon," the author settled a problem that might have puzzled others—all the people settled there were named "Gus."

Mr. and Mrs. Ivan O. Lyons of Santa Monica, of Tahoma clocked an even 18 miles from Tahoma to Tahoe City by bicycle. They stopped to take pictures on the ride to Tahoe City but made the return trip in 45 minutes.

Sara and Bill Hunter of Bacchi's Inn were honored recently with a formal "thank you" note from the Italian government for their generous hospitality to the Italian Olympic delegation of some 54 members last February at cocktails and dinner.

Stan and Mabel Stanley of Santa Monica temporarily at Stanola Lodge, Tahoma.

The pipeline into the lake for Tahoe City water has been extended some 900 feet into the lake by Bob Pomin.

George and Bobbie Holt celebrated a wedding anniversary on Friday, the 13th.

The Harold Munroes of Healdsburg opened their Tahoma house and enjoyed a long weekend. Harold hopes to get up for two months later in the season.

Adding a year in the merry month of May are Dave Donaldson, Jake Stuart, Danielle Pomin, Carl Bechdolt, Jr., Dick Carnell, Maizie Carnell, Christine Bonino, Bud Scott, Carl Wheat, "Swanee" (Eleanor Swanson), Lisel Meyers, Charles Henrikson and Bro. Shontz. Anne and Sally Starratt are just a day apart on birthdays and will celebrate together.

Mrs. Ralph S. Peer of White Firs, spent some time at Tahoma last week.

California's Senator Kuchel sent us a congratulatory wire when the senate confirmed our nomination by President Eisenhower for Tahoma postmaster. He was our boss in North Africa and Europe dur-

## NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p. m. on June 22, 1960, at which time they will be publicly opened and read in the Assembly Room of said building for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada County, between 2.6 miles east of Soda Springs and 1.0 mile west of Junction of Routes 37 and 38 (III-Nev-37-B,C,D), about 7.0 miles in length, a freeway to be graded and drainage facilities installed or constructed, a frontage road to be graded and paved with asphalt concrete on aggregate base and a bridge to be constructed.

Bids are required for the entire work described herein.

The time limit specified in the special provisions for the completion of work contemplated herein is, in the opinion of the State Highway Engineer, insufficient to permit completion of the work by the Contractor working a normal number of hours per day or week on a single shift basis. It is expected that additional shifts will be required throughout the life of the contract to the extent deemed necessary to insure that the work will be completed within the time limit specified. Any additional costs occasioned by compliance with these provisions will be considered to be included in the prices paid for the various items of work and no additional compensation will be allowed therefor.

Plans, specifications and proposal forms to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, and at the office of the District Engineer of the district in which the work is situated.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Standard Specifications and special provisions. Each bidder must be licensed and also prequalified as required by law. The Department of Public Works reserves the right to reject any or all bids.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the special provisions. In the event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Abbreviations used in the schedule of predetermined wage rates in conjunction with employer payments listed in the right hand columns are identified as follows:

**COUNTY GOVERNMENT** — I believe a County with such great possibilities as ours should not be content with a mere "CARETAKER GOVERNMENT."

The attendance at meetings, the paying of bills and settling of grievances should not be the prime factor of Government in a County with such boundless potentials.

Neither should any particular credit be taken for the mere routine approval of other County Officials actions be they Improvement and Maintenance of roads, which are under the sole supervision of the County Road Commissioner; the maintenance of Law and Order which is the function of our County Sheriff, Approval of Local District Acts, or other like matters.

Generalities or Wordy declama-

tions will not help, it will take continuing, persistent, Individual and Unified efforts to Develop, Promote, Advance and Build a bigger and better County in which to Live and Prosper.

If our County is to prosper and grow, the answer at this time lies in proper Advance Planning and a Vigorous approach to our problems with Vision, Faith and Courage in our Future.

County Government and County Development should go hand in hand. There are no limitations to which our County representatives — if they so desire — cannot individually work, plan and assist in the growth of our County, and there are yet untouched sources of Revenue available to the County to assist in proper planning, development and promoting our resources.

# TAHOE TRUCKEE SCHOOL NEWS

**TRUCKEE ELEMENTARY KINDERGARTEN:** Our class is being rewarded now for the care of their tulips. Six of them are in bloom. Holley Schooley and Mike McLane have brought last year's bird nests to school, so we can all see how they are made.

**FIRST GRADE:** We have been working on our farm mural. We will finish it next week. We plan to take a trip to a farm on May 25.

**FIRST AND SECOND GRADE:** Our class has been studying plants. We are doing an experiment with grass. Homer Owens and Kent Mullis supplied us with the soil. Harold Bradley and Dennis Walker are welcomed to our class.

**SECOND AND THIRD GRADE:** Augustine Acosta, Sandra Davis, Dottie Kirk, Lawrence Doyle, Chris Wisner, Diane Rose, Barbara Randall, Dennis Weiler, Darrel Rosamond, Donna Comola, Debby Rosamond, Steven Rose, David Capel, Debby Jo Wurst, Betty Stacy and Ben King are best spellers this week. Team captains are: Carl Mahon, Jim White, Debby Rosamond and Cathy Menges.

**THIRD GRADE:** Special reports were made by George Franceschini, Jeffrey Jellin, Sandy Eckerman and Terry Higgins.

Outstanding in our last thought problems test were made by Joe Merica, Justus Spillner and George Franceschini.

**FOURTH GRADE:** Those who got two A's in review test 30 are: Ken Bretthauer, Mike Kydd, Jennifer O'Beir, Linda Russell, Karel Sauby, Allison Spillner, Mary Stacy, Barry Waters, Jenny Wilhelm and Ray Wiser. Our new officers are: president, Henry Frates; vice president, David Curtis; secretary, John McGlade; treasurer, Karel Lynn Sauby.

**FIFTH GRADE:** The fifth grade conducted their tumbling championships last week. Highlight of the meet was the diving. Surprisingly enough the top diver was Heidi Euer who made it over five kneeling boys. Other students who did well were Jack Melugin, Don Whiteneck, Bill Rosamond and Tim McLane.

**SIXTH GRADE:** During the past week there were several fine reports given. They were forests of Canada by Betty Saarni, mining and minerals by Janice Randol and British Columbia by Barbara McCallen.

**SEVENTH AND EIGHT GRADE:** In science we are now studying magnetism and electricity. We have a volleyball team made of seventh and eighth grades. At Kings Beach we played and won all the games, boys and girls.

**EIGHTH GRADE:** The 8th grade of Truckee played the 8th grade of Kings Beach in four games of volleyball on May 12. Truckee 8th grade won all of the games. Our class will have a graduation party and dance on June 9. The parents will be invited to the party which will be held from 6:30 to 7:30 p.m. Our graduation will be held on June 7, at the old elementary school. Everyone is invited to come.

**KINGS BEACH SCHOOL SECOND GRADE:** Sally Templeton brought her storybook "George" to share with us. Maurice

Manning brought "Heidi" for our teacher to read to the class—since we are studying about "Children of Other Lands" in social studies. Our class viewed the film "Safety On The Street."

**SIXTH GRADE:** Our sixth grade class has six new students, they are Carol Peacock, Terry Ann Nunez, Dennis Smith, Nelson Romero, Bob Mondino and Nik Cain. Bob Mondino was returning from Montebello and Nik Cain was returning from Portland, Oregon. Rick Whitteley left us and he went to Fallon, Nevada. Beverly Bergman and Linda Gurlits did a bulletin board on the Maritime Provinces of Canada.

**SEVENTH GRADE:** In our study of Asia some excellent maps were made by Ronnie Baker, Chuck Carpenter, Don Decker, Kent Fugazi, Jon Hill, Bob Holly, Pamela Simpson, John Wainscoat and Donna Mackin.

Those who received above average grades in their last two spelling tests are Karen Simpson, Donna Mackin, Celeste DeSylva, Marie Wainscoat, Pamela Simpson, Barbara Hutchinson, Estelle Howell, Kent Fugazi, Carol Franklin, Marlea Draney, Don Decker, Chuck Carpenter, Wendy Boatman and Ronnie Baker. The most improved speller last week was Nancy Jo Bervid and this week Richard Jacobson.

**DONNER TRAIL SCHOOL PRIMARY:** Experiment with media has been one of the objectives of the art program of the primary students of the Donner Trail school throughout their year.

Toward this end the children have done many new and different things with the art materials at hand, the obvious ones being their crayons. Another thing the children have enjoyed is using poster paint different ways. The children have completed a string painting, which to them is very satisfying as they all can do it and art ability plays no part in the end product, which may appear to be anything. Each student enjoyed making his painting, naming the subject and mounting it for display.

**TAHOE LAKE SCHOOL KINDERGARTEN:** Scott Jorgensen's mother and brother, Brad, spent the morning in kindergarten on Wednesday. Charlene Keehn's mother visited for a short time on Friday.

Susan Lewis, Bobby Fitts, Randall Huddleston and Laurie Stephens made paintings of circus animals for the bulletin board.

**FIRST GRADE:** The following students made stars on their spelling papers this week: Tom Coster, Julie Howard, Lanny Karcher, Yvonne Baker, Cathy Van Wetter, Steve Cross, Jackie Gormley.

The first grade is planning a trip to Genoa, Nevada to the James Canyon Ranch.

**SECOND GRADE:** Two purchases were made this week. From the money we won from the P. T. A. the teacher bought three goldfish and a bowl and also a Java temple bird.

President for the week is Douglas Lindsey.

**FOURTH GRADE:** Thirty-three

children have completed their relief maps of California.

We were sorry to lose our classmate Shirley Gougtnour.

**FIFTH GRADE:** In regards to the land rights of the Indians, the

most dramatic themes were those of Leigh Swigert, Janet Phillips, Lynn Harper and Darlinda Stark.

**SEVENTH GRADE:** In the most

## TRY THESE "DO-IT-YOURSELF" BOWLING GRIPS

In recent years there have been a number of special bowling grips designed to help you bowl better.

These grips fall into two categories:

1. Those drilled into the ball.
2. Those you put in yourself.

Although I don't use special grips, they might be helpful for some bowlers. As the illustration shows, I generally chip away in my thumb hole with a knife to roughen it up a bit and give me a better grip.

The grips drilled into the ball, like the Ned Day Grip, generally involve special pitches of the thumb or finger holes. The grips you install yourself in the thumb or finger holes include the Ace Mitchell Shur-Hooks or the Steve Nagy Sweetheart Grips. They are corrugated cork or rubber patches which give the thumb or fingers better traction.

If you have trouble with the ball slipping out of your hand at delivery, let an expert check your grip. You might be helped by a special grip, or you may need an entirely new ball.

These grips can also help a bowler get extra finger lift if that's his problem. But don't make this decision yourself. Let a qualified instructor prescribe special grips for you if they're necessary.

Speaker Reverend Joe Pritchard, Fallon, Nevada, Methodist Church. Monday, May 23, official board, 8 p.m. at church.

Thursday, May 26—All church dinner. Tickets, adults \$2, children, 50 cents. Community singing and film.

The first in a series of four meetings to consider areas of community service based on Jesus' words to his followers was held last Thursday evening, May 5, in the church. Resource leader for the evening was George Burcham, of Grass Valley. Burcham is a teacher of the adult class in the Grass Valley Methodist Church Sunday School.

Burcham's initial remarks at the meeting were based on ideas of love in the common affairs of people in small communities. "How we show our love to all people, both to those whom we know and cherish, and to those who are our neighbors in the wider sense is crucial in showing our understanding of Jesus gospel," Burcham said.

A very appreciative though small group heard Burcham's remarks and joined in a question period. Those present were Mr. and Mrs. Daven Morey, Mr. and Mrs. George Symons, pastor of the church, Mrs. Nace Firpo, Mrs. Anita Allison, Mr. Ken Smith of Kings Beach and Victor McLane.

The next meeting of the series will be at the same place on Thursday, May 19. Resource leader

for the next meeting will be the Rev. Joe Pritchard, minister of the Fallon, Nevada, Methodist Church.

## CHRISTIAN SCIENCE

Meets at Wyethia Clubhouse, Truckee.

Everyone Welcome

Sunday School: 9:30 a.m.

Morning Services: 11 a.m.

Man's age-old longing for a clearer understanding of God and of his own identity is a central theme of the Lesson-Sermon to be read at Christian Science services Sunday.

Scriptural selections in the Lesson-Sermon on the subject "Soul and Body" will include the following from Isaiah (55:6): "Seek ye the Lord while he may be found, call ye upon him while he is near."

One of the correlative citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states in part (428:8): "To divest thought of false trusts and material evidences in order that the spiritual facts of being may appear,—this is the great attainment by means of which we shall sweep away the false and give place to the true. Thus we may establish in truth the temple, or body, 'whose builder and maker is God.'"

The Golden Text is from Psalms (84:2): "My soul longeth, yea, even fainteth for the courts of the Lord: my heart and flesh crieth out for the living God."

By VIRGINIA O'BEAR

Barbara and Bill Grimm are moving this week from the Milan Wight home and will be living in one of the duplexes of Hank and Dorothy Slack. We will miss them as they have been our neighbors for a long time.

Larry Reid has been home on leave from the army base at Fort Ord. He has been visiting his folks, Mr. and Mrs. Rex Reid, and they left for a short visit in Los Angeles before Larry returns to the base this week.

Mrs. Dan Horman is attending the Rebekah Assembly this week and will return home Friday. Doris Davis is arriving this week to spend the summer helping out at the Trading Post so I know Laura will welcome her when she gets home.

Mr. and Mrs. J. Richards, Clarita and Dennis attended the funeral last week of Jay's father, John E. Richards. Also accompanying them on the trip was Spencer. Clarita left her college in Utah and journeyed to Los Angeles with an aunt so she returned to Utah after the loss of her grandfather.

Several young ladies from Donner Lake are appearing in Renee Hall's dance recital this Sunday afternoon at 2 o'clock at the Veteran's Memorial Hall. The show is called "Around the World" and it will be quite colorful with the various costumes from different nations. Miss Hall will dance a few of her new numbers also and the price of this show is just 50 cents for adults and 25 cents for children. Try to go and back up your little neighbor children who are in the show. It would be good experience for them.

Donner Lake Resorts can well be proud of their first annual Trout Derby. 300 persons enjoyed the free fish fry at Donner Lake Lodge and the appearance of Miss Donner Lake with the two princesses and the royal court. Prizes were awarded and the winners were mighty proud of their fish caught. Next year the derby promises to be big and better and plans are in progress now for next year. The next meeting of the Donner Lake Resorts will be this coming Monday night, May 23 at Donlac Lodge. Time is 8 o'clock and everyone is invited to attend. You need not be in business to belong to this association. Anyone living at Donner Lake and interested in the future is welcome.

Officers and board members of the Ladies Auxiliary met at the home of Mrs. Roy Slate Monday evening to prepare the meeting for Thursday's dinner and business

Try to attend and take a neighbor as the membership drive is on until June and I'm sure you would be proud to get new members to join the auxiliary which has been so successful with projects the past few years. I'm taking my new daughter-in-law and I am going to be proud introducing her and she is becoming a new member, too.

CANDIDATES WARNED  
OF LAW ON POSTERS

SACRAMENTO—(CNS) — Political hopefuls in the upcoming June 7 primary election have been given a polite reminder by the division of highways that they just can't put their signs up any old place.

Frank E. Baxter, maintenance engineer, said letters outlining provisions of the state's Outdoor Advertising Act are being sent to all candidates.

Under provisions of the act, signs may not be placed on state or county highway right of way. However, signs may be posted within view of roads and highways in unincorporated areas, with property owner consent, provided a permit is obtained from the division of highways. Many cities have similar rules.

OSBURN WILL HEAD  
CAMERON CAMPAIGN

"State Senator Ronald G. Cameron of Auburn has demonstrated his ability to serve this district well and capably," Charles V. Osburn declared in a statement issued in his acceptance of the chairmanship of the Truckee-Tahoe Cameron for Senator Committee. Cameron is seeking the Democratic nomination in the June primary to the Seventh District post he now holds. The district comprises Placer, Nevada and Sierra Counties.

Osburn, Truckee civic leader and sportsman, is active in community affairs.

The statement also declared that "Ron Cameron has earned an enviable reputation among his colleagues during the year he has served as Bizz Johnson's successor as our senator at Sacramento. For a freshman senator, he has accomplished much for his district, and should be returned to office for a full four year term."

Cameron, an Auburn attorney, was elected to the state senate in a special election in April, 1959. He was elected to complete the unexpired term of Harold T. (Bizz) Johnson, now in congress representing the 2nd Congressional District.

Mrs. William Englehart, Jr., has returned from southern California where she visited Mr. and Mrs. Roger Hamlin and infant daughter.

County Treasurer and Tax Collector Elma Hecker is now at her Nevada City home greatly improved from her recent long illness.

Loehr Brought New  
Services To Area

Community services in the eastern portion of Nevada County have been greatly improved during the past few years through the untiring efforts of Supervisor H. G. Loehr, who has waged a continuing struggle to obtain for the Fifth District every possible advantage.

From a one-man sheriff's department, the personnel locally has been increased to five through the urging of Supervisor Loehr and Sheriff Wayne Brown and as a result a notable decrease in the crime rate has been effected.

The facilities of the justice court, also, have been improved to provide the district with a modern, fully-staffed court. This could not have been accomplished without the support and work of your supervisor.

Other local facilities have been added or improved and as these improvements have been made the community has grown. Only through continued effort on the part of your supervisor can this area continue to develop. **VOTE JUNE 7 FOR H. G. LOEHR.**
